Energizing Future

ALJANOUB ALGHARBHI TRADING EST.

ELECTRICAL & INDUSTRIAL SUPPLIES

AlJanoub AlGharbhi, a multifaceted business group established in the middle east.

The dedicational functions & commitments to the operation, growth and diversification of industries. Jag arabia mission statement is "Totally Dedicated Services" to its clients, customers and principles.

CHAIRMAN'S STATEMENT

I once attended a management Seminar and remember the comment by one of the consultants! More often than not, we find it a little challenging to put in words WHO WE REALLY ARE I concur with him at this very moment while writing this Chairman's statement and let me give this a try. I am a businessman as I always wanted to be. Looking back I would say with confidence I have reached where am today due to hard work, commitment and above all with the support of my employees. The company has great ethics most prominent being "zero tolerance" to corruption (pretty important to me). We are proud of our growth. We provide best services to all those who are associated with us be it our valued clients, our principals, and those who provide services to us. We always go the extra mile to make it a "WIN WIN" for all.

Energizing Future

In the fast growing economy and technological advancements of the Kingdom we are committed to grow and expand our business.

We count on the support of our principles and clients and in turn we guarantee a successful and long term relationship.

TECHNICAL SERVICES

JAG Arabia offers our expert technical service ranging from Panel Fabrication, Integration to Testing and Commissioning with high efficiency and quality in accordance with industrial standards.

Our service team is well experienced to carry out detailed design of the project, procure all equipment and materials necessary and deliver projects with high quality and efficiently for our clients across diverse facilities.

We are offering Industrial and Commercial services with more than 10 years of experience

CONTROL CABINET INTEGRATION

JAG Arabia offers high quality integration services for various types of panels. With the expertise of Engineers and skilled technicians our service team provides efficient panel integration services.

- MARSHALLING CABINETS
- PLC CONTROL PANELS
- DDC CABINETS
- RELAY CONTROL PANELS
- INSTRUMENTATION PANELS
- SYSTEM CABINETS

ELECTRICAL PANEL BOARDS

JAG Arabia offers manufacturing, integration, installation, testing and commissioning of Electrical Panel Boards on demand complying

- DISTRIBUTION PANEL BOARDS
- MCC PANELS
- POWER FACTOR CORRECTION PANEL
- AC/DC PANELS
- LIGHTING PANEL BOARDS

NETWORKING CABINETS

We offer supply and installation of various types of Network Cabinets with different modules such as UPS, Battery, PDU, Racks. We provide service as per the client requirements to meet the right solution for your application.

TESTING & COMMISSIONING SERVICES

JAG Arabia provide comprehensive Testing and Commissioning services for clients across diverse facilities. We deliver projects with high quality and safety with great efficiency.

We offer professional expertise in activity of Testing, Pre-commissioning and Commissioning services of Electrical Power Systems ,Generations, T&D at various voltage levels with a very strong and experienced team of Engineers and Technicians.

With key experience in Testing and Commissioning of Substations, Switchyards, MCC, Control Panels, Power Transformers, Generators, Motors and well equipped with versatile Testing equipments we are committed to provide International Standard services to Clients.

رؤية
VISION
2030
المملكة العربية السعودية
KINGDOM OF SAUDI ARABIA

“
Our services team is build on technical expertise and are committed to provide best quality services to our client
”

POWER STATIONS TESTING & COMMISSIONING

We offer highly specialised activity of testing, troubleshooting services of Substations, Switchgears, Protection Relay, Auxiliary Devices

MOTOR MCC & VFD TESTING

We do Motor Solo run testing, motor control centre testing, configuration, lesling & commissioning of VFD (Variable Frequency Drives).

UPS, BATTERY BANK TESTING

We offer efficient testing of UPS systems battery chargers, battery banks, battery load test

TRANSFORMER TESTING

We offer testing and commissioning. maintenance services for MV and LV Transformers. We are equipped with advanced equipments to test the DRY Type Transformer and Oil Type Transformers

SWITCHRACK & PANELBOARD TESTING

We offer testing and commissioning services for Switchracks consisting of Switches, Circuil Breakers, Overload Relays, Instrument Transformers, Metering Devices and Various types of Panelboards such as Distribution Panel, Power Panel, Lighting Panels

EQUIPMENTS

Jag Arabia is equipped with advanced and calibrated testing equipments for all kind of services.

*Energizing
Future*

JAG Arabia T&C team is well trained International Electrical Testing Association Standards (NETA) and procedures.

CERTIFIED PROFESSIONALS OF ABB PCM600, SIEMENS DIGSI and experts of SEL AcSELErator, GE Multilin, EATON, SCHNEIDER ELECTRIC

TORKEL BATTERY TEST SET

MEGGER TRANSFORMER TEST SET

MEGGER DLRO10X

OMICRON CT

HVA VLF HIPOT TESTER

MEGGER MIT525 INSULATION TESTER

FREJA 300 RELAY TEST SET

ODEN PRIMARY CURRENT INJECTION SET

CPC 100 PRIMARY TEST SET FOR SUBSTATIONS

OUR BRANDS

TAPER THREADERDEBAR SPLICING SYSTEMS

FEATURES

- Unique self-aligning taper-threaded design provides continuity and structural integrity.
- Spliced bars behave as continuous lengths of reinforcing steel bars by providing full strength in compression and stress reversal applications.
- Designed to withstand man-made blasts and other seismic events.
- Quick and easy to install.
- Develops higher tensile strength than lap splicing.
- Provides full load transfer with the slimmest and shortest coupler possible.

WELDING SOLUTION

TOTAL SAFETY

ENGINEERING & SUPPORT SERVICE

1. We are the leading manpower supplier of **SABIC, ARAMCO, Royal Commission** and all leading clients
2. We have specialized and **ARAMCO, SABIC** approved engineer's in different field
3. We have experienced and trained work force
4. We are supporting for **P.M.T, P.M.C, I.P.M.T, E.P.C** Operation and maintenance
5. We are preparing rigging plans through Aramco Rigger Level 1
6. Execution of heavy lift jobs through Aramco rigger- level-1
 - A- Method of statements
 - B- Rigging study
 - C- Lift plan
7. Heavy haul transportation and jacking

JAG EQUIPMENTS RENTAL

1. Generators
2. Cranes
3. Fork Lifts
4. Man Lifts
5. Boom Trucks
6. Scissor Lifts
7. Crawler Cranes
8. Vibro Hammers
9. Pile Breakers
10. Welding Machines
11. Air Compressors

JAG CONSTRUCTION MATERIAL DIVISION

1. Plywood Imported From India & China
2. Hardwood - Different Sizes
3. Piling Sheets - Used Or Brand New
4. Pipes-all Sizes-used And Brand New
5. Aggregate - All Sizes
6. Sand - Base Course, Sub-base Thermal Sand And Sweet Sand
7. Concrete Marker Post
8. Scaffolding Fittings & Tubes
9. H.20 Timber Beam. Noe
10. Laminated Wooden Planks

INDUSTRIAL ELECTRICAL MATERIALS

- **Fittings:** All kind of Electrical Fittings for Rigid / EMT & Explosion proof
- **Terminations:** Cable Lugs / Glands / Splittings
- **Lamps:** Incandescent Lamps, Fluorescent Lamps, Energy Saving Lamps, Compact Fluorescent Lamps, Mercury Lamps.
 - Metal Halide / Mercury / HPS / Fluorescent / Speciality Lamps
 - Lighting Fixtures (Interior, Exterior), Residential, Industrial Explosion Proof
 - Panel Board / Custom Made Control Panels,
 - Boards, Wall Insulations, Pipe Insulations, Duct Connectors, Fosters & Sticker Pins.
 - Conducts: Rigid / EMT / PVC / CPVC / Flexible / Liquid Tight
- **Meters:** KWH Meters, CTS, PTS and all other Electric Meters / All kind of Diagnostic meters and
 - All type Enclosures like Weather Proof / Explosion Proof / Stainless Steel.
 - Proof / Indoor etc.
 - Different type of Limit Switches, Micro Switches and Proximity Switches
 - Amphenol Plug and Connectors
 - Water Heaters : 3 Phase / Lowmerual models
 - Wiring Devices - Switches & Sockets
 - Cable Tiles, Wire Makers, Terminal Lugs & Wiring accessories
 - Contactors, Relays, Selector Switches & Push Buttons
 - PVC Conduits & Fittings
 - EMT Conduits & Fittings
 - Rigid Conduits & Fittings
 - Cable Trays, Metal Channels, Ladders & Accessories
 - Metal & PVC Enclosures (IP & Nema Standard)
 - Liquid Light, Steel Flexible Conduits & Fittings
 - Fire Alarm Cables and Equipments
 - Control & Power Transformers
 - Isolators, Distribution Boards, Safety switches, MCB & MCCB's
 - Low Voltage Cables (PVC/PVC XLPE/PVC INSULATED)
 - Armoured and Unarmoured Cables / Rig Use Cables
 - Control Cables / Instrumentation Cables
 - Flexible Cables (Royal Cord)/ Extension Cords - Ullisted.
 - Rubber Cables / HOTRNF / MCM Cables
 - Bare Copper, Tinned Bare Copper, Grounding Rods, Grounding Clamps, Grounding Pits, Moulds, Power & Other Grounding Filters.
 - Insulation Tapes, Joint Kits & Termination Kits
